Question 2 - The number of listed buildings in your covered area that have had fires each year for the last five years

At the operational area of the Service, there are 12,363 listed building. The Incident Recording System (IRS), which was designed by the Home Office, does not have a category "listed building" in the property type list. In order to respond to this query, a search of key words was used to determine occurrence of fire incidents at historic buildings within the given timeframe. The search returned 20 fire incidents.

Question 3 - The number of fires in any buildings, listed or not listed, that have occurred in your covered area over the last five years.

During the past five years (1 Jan 2019 to 31 Dec 2023), the Service attended 3,377 building fires, including 12 building fires which occurred outside Hereford & Worcester Fire Authority's area.
